SOUPER BOWL OF CARING 2020-2021 YOUTH ADVISORY BOARD

WHAT IS SOUPER BOWL OF CARING?

Souper Bowl of Caring is a national youth-led movement of schools, businesses, places of worship, community organizations and compassionate individuals joining together to fight hunger and poverty in their local communities, transforming the Big Game into a nation-wide movement inspiring people to give locally and make a collective impact on hunger. Since the program started in 1990, volunteers have collected more than \$163 million in cash and food items, with 100 percent of all donations going directly to local hunger and poverty relief charities chosen by each group. For more information, visit tacklehunger.org.

WHAT IS THE LOCAL YOUTH ADVISORY BOARD?

The Souper Bowl of Caring Local Youth Advisory Board is comprised of outstanding youth from across the nation charged with leading their generation to help transform Super Bowl weekend into the nation's largest youth-led weekend of giving and serving. Members of the Youth Advisory Board are given opportunities throughout the year to have their voices heard and make a positive and dramatic impact in their communities and across the country.

The Youth Advisory Board members provide the Souper Bowl of Caring with a body of knowledge and perspective to assist the organization in understanding and working with youth. The Youth Advisory Board also gives young Souper Bowl of Caring participants opportunities for decision-making, leadership, travel and training. Finally, the Youth Advisory Board serves as the face of the Souper Bowl of Caring's youth-led movement to the media, acting as a source for quotes, speeches and stories about the organization and their experiences with it. A new Youth Advisory Board is selected each summer, to serve a term lasting from August to April.

WHAT RESPONSIBILITIES DO MEMBERS HAVE?

Members of the Youth Advisory Board will have up to four meetings during their 2020-2021 term and will learn how to affect change in their communities, receive public speaking training, make action plans and more. They will also share feedback, receive media training and prepare to lead and promote Souper Bowl of Caring projects. Along with these meetings, Local Youth Advisory Board members are expected to maintain regular contact with the organization and each other via email, phone and website.

Further tasks and responsibilities will be decided by the Youth Advisory Board itself, when the members meet in early fall to set goals for the year. However, some other possible responsibilities may include a Youth Advisory Board newsletter, a formal survey of their peers, the creation of online forums for the Souper Bowl of Caring using already existing popular social networks or a schedule of presentations and speeches at council meetings and fairs in their respective communities.

WHAT IS THE SOUPER BOWL OF CARING LOOKING FOR IN MEMBERS?

Applicants must be current high school students. They should have a clear understanding of the Souper Bowl of Caring vision and should be enthusiastic about the mission of the organization. Youth Advisory Board members do not need to have held leadership positions in the initiative but should have some experience participating in the Souper Bowl of Caring or other service projects in their own communities. They should be creative, responsible and able to express their ideas and opinions easily. In addition, since the Youth Advisory Board is a team, members should be cooperative and able to work well with others toward a common goal.
